Integration of Reflexology & Spiritual Counselling

~ **Love for your sole(s) AND Soul!** ~

"When you seek guidance, what you really seek is peace. You imagine that knowing what to do will bring you peace, but if you seek peace first, you will then know what to do."
~ the Voice for Love

I AM inspired to offer this integration of services and look so forward to the mutual healing benefits it will provide for YOU and my Self as the facilitator.
